

Heidi loves to spend time with children and families, and finds her job AMAZING! Heidi loves to play games like dominoes and board games, and to bake biscuits, and to be creative with arts and crafts.

Heidi has lots of toys such as dinosaurs, Peppa Pig, Disney toys and cuddly toys, and these can be taken into any room at Sensi, or Heidi even takes them to see children at school visits, or on visits elsewhere.

Heidi also likes to swim in the pool at Sensi. She loves seeing the expressions on families faces when they can have fun too, and have lots of special time together..

Heidi has a toy till, shopping trolleys and baskets, and lots of lovely play food. She loves playing imaginary role play games. This can also be a lovely activity for families to do together.

Heidi thinks it is really important to listen to children's feelings and their points of view. Sometimes it can feel difficult for other people to understand us, so Heidi tries very hard to encourage children to express how they feel.

Sometimes Heidi meets with parents, and this is to help them to talk about how fantastic their children are.

In Heidi's spare time she likes to do the following: spend time with her children, fundraise for poorly people, look after pets, go for long walks, and to do lots of cooking!

Heidi's favourite food is chocolate!
