

Jump on your drawing!

Draw a smiley face
(or anything else you want!)
on the center of a
trampoline!

Important: Use
chalk for your
drawing!

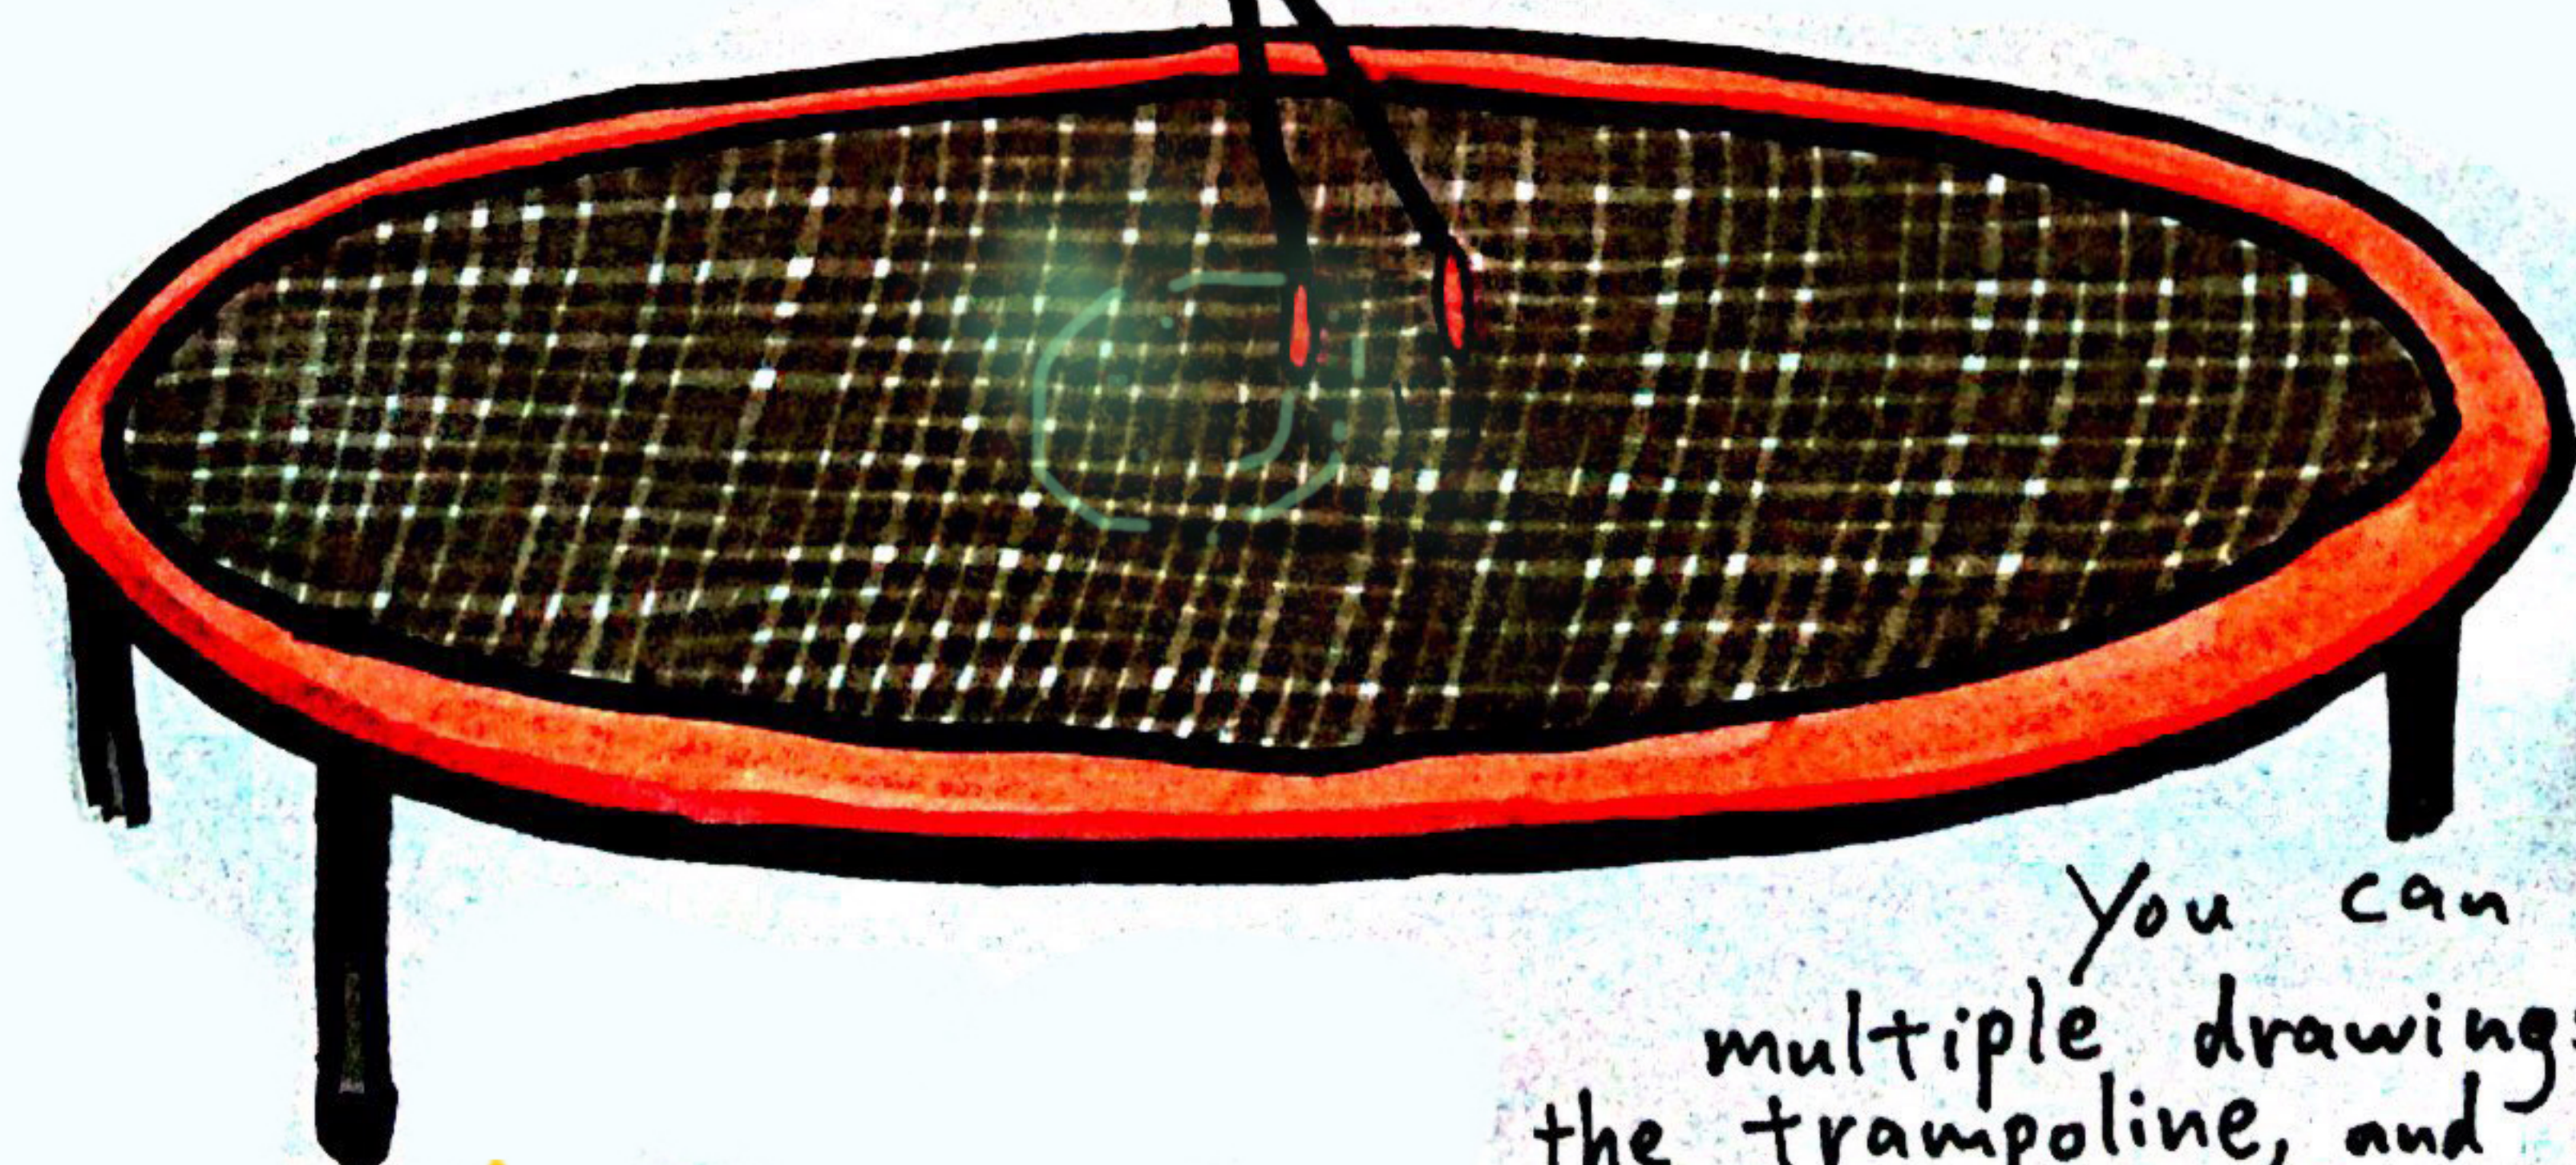

Start jumping on your chalk drawing! As you jump on
it, the drawing will gradually fade away!

Keep jumping until your
drawing completely fades
away!

Want a challenge?

You can make
multiple drawings on
the trampoline, and jump
from one to the other,
trying to fade them
all away!
